## CHAIR OF THE BOARD'S REPORT

Welcome to the 3rd Annual Report of SolarShare Community Energy Limited.

I am pleased to present the 2016/17 Chairman's report on behalf of the SolarShare Board of Directors. I was appointed to the Chair's role in August following the resignation of Brian Acworth AM, who stepped down for health reasons. Brian was our inaugural chair, and was a positive and guiding influence on the organisation. We thank him for his contributions and for his leadership during the formative stages of the company.

Our highlights during the year were:

- the successful completion of our Tranche 1 raise of \$125,000 of investment from 20 investors in October 2016, following an investor presentation in June,
- our submission of a Feed-In-Tariff proposal under the ACT Government's Community Solar Scheme in May 2017.

The success of the investment in Tranche 1 was underpinned by the business vision we have, which is for people to share a connection with their energy supply, their investment, their community and the environment through ownership and participation in local renewable energy generation. The investment gave us:

- a) a resounding validation of the business vision and
- b) suitable financial wherewithal to submit our Feed-In-Tariff proposal as well as complete the main raise, for the capital required to build the Mt Majura Stage 2 farm.

Looking forward, we are now in detailed discussions with the Environment, Planning and Sustainable Development Directorate (EPSDD) regarding the Feed-In-Tariff. We hope to finalise these discussions in the short term. A condition that we have had to agree with the Directorate is that the ownership of the Mt Majura project will only be open to ACT residents. This will involve a change to the constitution for SolarShare as well as changing the structure of the current shareholdings of SolarShare.

During the year we said farewell to our previous Company Secretary, Robert Clarke. We welcomed new additions / returns to the Board of Directors in Hugh Chalmers and Marea Fatseas. Both Marea and Hugh have brought skills and experience to the board and their efforts, as well as those of the other board members, are

# SolarShare

CANBERRA

appreciated. Similarly, the effort of our volunteer groups, being our Communications, Development, Finance and Legal and Risk teams have made our success to date possible, and we thank the teams for their efforts.

To conclude, the 2016/17 financial year was a promising one for SolarShare as we continue to move in the right direction for the future. I encourage all shareholders to attend the 2017 Annual General Meeting in October.

Nick Fejer

Chair of the Board

CANBERRA

## EXECUTIVE OFFICER'S REPORT

As I'm writing this, the sun is streaming through the window on a cool late-Winter's morning and as spring comes to Canberra I can't help but feel an enormous sense of gratitude for the community of people supporting SolarShare.

The volunteer team that keeps the wind in SolarShare's sails is stronger than ever and it is a pleasure to work with such a wonderful group of talented and enthusiastic people. I'd also like to extend my thanks to the folk in the broader community who from time to time ask about becoming involved in additional volunteer roles.

Over the past year our community has grown to include a small group of seed members and over 800 who are registered to invest with SolarShare. The support from you as shareholder or future shareholder, is really what makes everything possible. It may not seem to you like much, but this incredible level of support from the investor base is what makes it possible for us to credibly engage with all the parties necessary to approve, build and connect our flagship solar farm.

Earlier this year we agreed to the ACT Government's requirements of share structure that would, for our flagship project, be only open to ACT residents. We are pleased nonetheless to have found a solution that will not limit us from including people outside the ACT in future projects. I've already been contacted by one community outside the ACT who want to explore if they might be able to do a project in their local area that would fit under SolarShare's umbrella. In many ways this is part of our broader vision coming to fruition: where we see other community energy projects sparking in the region with similar enthusiasm.

In the meantime, the focus for myself and the SolarShare team rests squarely on bringing our flagship project to construction, as we develop what is still the largest community owned solar project in Australia.

Lawrence McIntosh  
Principal Executive Officer

CANBERRA

## DIRECTORS' REPORT

Your directors present their report, together with the financial statements of the Company for the financial year ended 30 June 2017.

### PRINCIPAL ACTIVITIES AND SIGNIFICANT CHANGES IN NATURE OF ACTIVITIES

The principal activities of the company during the financial period were:

- finalising tenders for the Engineering, Procurement and Construction of the solar farm at Majura, and for the independent owners' engineer;
- making a first instalment on the lease option to secure the site at the Majura vineyard for SolarShare's solar farm;
- raising equity for Tranche 1 funding to enable further project development; and preparing associated documents and an investor briefing,
- assessing other appropriate opportunities.

There were no significant changes in the nature of SolarShare's principal activities during the financial period.

### OPERATING RESULTS AND REVIEW OF OPERATIONS FOR THE YEAR

#### OPERATING RESULTS

For the 2016/17 financial year, SolarShare recorded a loss of \$12,996.69, after providing for income tax.

Period 1 July 2016 to 30 June 2017	Period 24 Dec 2015 to 30 June 2016
(\$12,996.69)	(\$483.88)

### REVIEW OF OPERATIONS

#### (I) INVESTMENT ACTIVITIES

As part of its equity raising operations, SolarShare pursued two broad streams:

- Medium sized greenfield installations of photovoltaic plants, to be complemented by an ACT government feed in tariff and
- Medium sized rooftop installations of photovoltaic plants, coupled with power purchase agreements (PPA) from end consumers.

The company has progressed its flagship greenfield project to the point where it has completed successfully its Tranche 1 (T1) funding round of \$125,000, and is ready to commence its Tranche 2 (T2) Construction Funding round. The ACT Government has selected the company as exclusive applicant to progress to the next stage in the

# SolarShare

## CANBERRA

ACT Community Solar Scheme, and on 26 May 2017 SolarShare submitted a revised proposal to the ACT Government for a feed-in tariff. SolarShare has selected Epho/Saferay as the development partner to take the project forward and is preparing for the community focussed T2 Construction Funding round subsequent to the resolution of the ACT Government's feed in tariff scheme.

On the rooftop operations the company has a small pipeline of projects it is developing and is in various stages of discussions with the building owners and energy users for the sites.

### **Dividends**

No dividends were declared or paid for the previous year and the directors recommend that no dividend be paid for the current year.

### SIGNIFICANT CHANGES IN STATE OF AFFAIRS

There were no significant changes in the state of affairs of SolarShare during the financial year, other than changes in Directors. Bob Clark stepped down and Hugh Chalmers joined the Board in 2016, and Marea Fatseas joined the Board in January 2017.

### **Events since the end of the financial year**

On 5<sup>th</sup> July 2017, Brian Acworth AM resigned as chair of the Board due to health reasons.

### FUTURE DEVELOPMENTS, PROSPECTS AND BUSINESS STRATEGIES

The following projects are intended for implementation:

- The completion of negotiations regarding the ACT Government's Community Solar Scheme Feed in Tariff<sup>1</sup> (FiT). SolarShare has been selected by the ACT Government as the exclusive applicant invited to proceed to the final stage of consideration under this scheme.
- Execution of a Power Purchase Agreement and related leases with an entity to enable SolarShare to build its first end consumer power off take project.

### ENVIRONMENTAL ISSUES

---

<sup>1</sup>ACT Government Community Solar feed-in tariff, found at [http://www.environment.act.gov.au/energy/cleaner-energy/community\\_solar](http://www.environment.act.gov.au/energy/cleaner-energy/community_solar)

# SolarShare

## CANBERRA

The entity's operations are subject to significant environmental regulation under the law of the Commonwealth and State. No significant events occurred in relation to environmental regulation.

### DIRECTORS' BENEFITS

No director has received or become entitled to receive, during or since the financial year, a benefit because of a contract made by SolarShare, a controlled entity or related body corporate with a director, a firm in which a director is a member, or an entity in which a director has a substantial financial interest.

### Indemnification and insurance of directors and officers

The company has indemnified all directors and officers in respect of liabilities to other persons (other than the company or related body corporate) that may arise from their position as directors or officers of the company except where the liability arises out of conduct involving negligence or the lack of good faith. Disclosure of the nature of the liability and the amount of the premium is prohibited by the confidentiality clause of the contract of insurance. The company has not provided any insurance for an auditor of the company or a related body corporate.

### INFORMATION ON DIRECTORS

The names and details of the company's directors who held office during or since the end of the financial year are:

<b>Brian Acworth</b>	<b>Chair until 5th July 2017</b>
Qualifications	AM, JP FAIM, F Fin, AICD
Experience	Brian Acworth has enjoyed a range of senior positions in his 45 year Banking career and has considerable board, governance, private enterprise, business and Government experience: This includes Director Gabriel Foundation Limited (Canberra Girls Grammar); Chairman of the Audit and Risk Committee for the Law Courts of Australia and the Family Law Courts of Australia; Member of the Development Committee, University of Canberra, Chairman of Finance Committee, University of Canberra, Director John James Hospital Memorial Foundation Limited, Director PlantsPlus Loganholme and Loganholme Nursery and Landscape Centre, Director Goodwin Retirement Homes Limited, Chairman Exhibition Park in Canberra (Canberra Show Grounds, Exhibition and Convention Centre – ACT

CANBERRA

## NOTES TO THE FINANCIAL STATEMENTS

This financial report includes the financial statements and notes of SolarShare Community Energy Ltd. These notes are applicable for the year ending 30 June 2017.

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### BASIS OF PREPARATION

The financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards, Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board (AASB) and the Corporations Act 2001. The Company is a for-profit entity for financial reporting purposes under the Australian Accounting Standards.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in financial statements containing relevant and reliable information about transactions, events and conditions. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board (IASB). Material accounting policies adopted in the preparation of the financial statements are presented below and have been consistently applied unless stated otherwise.

Except for cash flow information, the financial statements have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

#### (A) BUSINESS COMBINATIONS

Business combinations occur where an acquirer obtains control over one or more businesses.

The company made no acquisitions during the period and as a result has not needed to account for any business combinations.

#### (B) INCOME TAX

The income tax expense for the year comprises current income tax expense and deferred tax expense.

Current income tax expense charged to profit or loss is the tax payable on taxable income. Current tax liabilities are measured at the amounts expected to be paid to the relevant taxation authority.

Deferred income tax expense reflects movements in deferred tax asset and deferred tax liability balances during the year as well as unused tax losses.

Current and deferred income tax expense is charged or credited outside profit or loss when the tax relates to items that are recognised outside profit or loss.

#### (C) INVENTORIES

The company held no inventory for the period.

# SolarShare

CANBERRA

(D) LAND HELD FOR SALE

The company held no land for sale during the period.

(E) CONSTRUCTION CONTRACTS AND WORK IN PROGRESS

The company had no construction works or contracts during the period.

(F) PROPERTY, PLANT AND EQUIPMENT

The company had no property, plant or equipment during the period.

(G) EXPLORATION AND DEVELOPMENT EXPENDITURE

The company had development expenditure during the period for the first instalment for the lease option for the Majura project

Exploration, evaluation and development expenditure incurred is capitalised in respect of each identifiable area of interest. These costs are only capitalised to the extent that they are expected to be recovered through the successful development of a project or projects in the area or where activities in the area have not yet reached a stage that permits reasonable assessment of the existence of a viable project(s).

Accumulated costs in relation to an abandoned area are written off in full against profit in the year in which the decision to abandon the area is made.

When generation commences, the accumulated costs for the relevant area of interest are amortised over the life of the project(s) in the area.

A regular review is undertaken of each area of interest to determine the appropriateness of continuing to capitalise costs in relation to that area of interest.

Costs of site restoration are provided for over the life of the project from when construction commences and are included in the costs of that stage. Site restoration costs include the dismantling and removal of solar generation plant, equipment and building structures, waste removal, and rehabilitation of the site in accordance with local laws and regulations and clauses of the permits. Such costs have been determined using estimates of future costs, current legal requirements and technology on an undiscounted basis.

Any changes in the estimates for the costs are accounted for on a prospective basis. In determining the costs of site restoration, there is uncertainty regarding the nature and extent of the restoration due to community expectations and future legislation. Accordingly, the costs have been determined on the basis that the restoration will be completed within one year of abandoning the site.

(H) INVESTMENT PROPERTY

The company had no investment property during the period.

(I) LEASES

The company had no leases during the period.

Leases of fixed assets, where substantially all the risks and benefits incidental to the ownership of the asset – but not the legal ownership, are classified as finance leases.

Finance leases are capitalised by recognising an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum

# SolarShare

## CANBERRA

lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight-line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are recognised as expenses in the periods in which they are incurred.

Lease incentives under operating leases are recognised as a liability and amortised on a straight-line basis over the lease term.

### (J) FINANCIAL INSTRUMENTS

The company held no financial instruments during the period.

### (K) IMPAIRMENT OF ASSETS

The company has no impaired assets.

At the end of each reporting period, the Company assesses whether there is any indication that an asset may be impaired. The assessment will include the consideration of external and internal sources of information including dividends received from subsidiaries, associates or jointly controlled entities deemed to be out of pre-acquisition profits. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. in accordance with the revaluation model in AASB 116). Any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

Where it is not possible to estimate the recoverable amount of an individual asset, the entity estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Impairment testing is performed annually for goodwill and intangible assets with indefinite lives.

### (L) INVESTMENTS IN ASSOCIATES

The company has no investments in associates

### (M) INTERESTS IN JOINT VENTURES

The company has no interests in joint ventures.

### (N) INTANGIBLES OTHER THAN GOODWILL

The company has no intangibles.

### (O) FOREIGN CURRENCY TRANSACTIONS AND BALANCES

The company has no foreign currency.

### (P) EMPLOYEE BENEFITS

The company has no employees, and as a result has no employee benefits to account for.

### (Q) PROVISIONS

The company has no obligations requiring provisions to be made.

# SolarShare

## CANBERRA

Provisions are recognised when the entity has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

### (R) PROVISION FOR WARRANTIES

The company has no warranty obligations and has not set aside any warranty provisions.

### (S) CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand, deposits available on demand with banks, other short-term highly liquid investments with original maturities of 3 months or less, and bank overdrafts. Bank overdrafts are reported within short-term borrowings in current liabilities in the statement of financial position.

### (T) REVENUE AND OTHER INCOME

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. When the inflow of consideration is deferred it is treated as the provision of financing and is discounted at a rate of interest that is generally accepted in the market for similar arrangements. The difference between the amount initially recognised and the amount ultimately received is interest revenue.

Revenue from the sale of goods is recognised at the point of delivery as this corresponds to the transfer of significant risks and rewards of ownership of the goods and the cessation of all involvement in those goods.

Interest revenue is recognised using the effective interest method.

Dividend revenue is recognised when the right to receive a dividend has been established.

Dividends received from associates and joint venture entities are accounted for in accordance with the equity method of accounting.

Revenue relating to construction activities is detailed at Note 1(e).

Revenue recognition relating to the provision of services is determined with reference to the stage of completion of the transaction at the end of the reporting period where outcome of the contract can be estimated reliably. Stage of completion is determined with reference to the services performed to date as a percentage of total anticipated services to be performed. Where the outcome cannot be estimated reliably, revenue is recognised only to the extent that related expenditure is recoverable.

Investment property revenue is recognised on a straight-line basis over the period of the lease term so as to reflect a constant periodic rate of return on the net investment.

All revenue is stated net of the amount of goods and services tax (GST).

### (T) TRADE AND OTHER RECEIVABLES

Trade and other receivables include amounts due from customers for goods sold and services performed in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

# SolarShare

## CANBERRA

Trade and other receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any provision for impairment. Refer to Note 1(k) for further discussion on the determination of impairment losses.

### (U) TRADE AND OTHER PAYABLES

Trade and other payables represent the liabilities for goods and services received by the entity that remain unpaid at the end of the reporting period. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

### (W) BORROWING COSTS

Borrowing costs directly attributable to the acquisition, construction or production of assets that necessarily take a substantial period of time to prepare for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

### (X) GOODS AND SERVICES TAX (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows included in receipts from customers or payments to suppliers.

### (Y) GOVERNMENT GRANTS

The Company had no government grants during the reporting period.

Government grants are recognised at fair value where there is reasonable assurance that the grant will be received and all grant conditions will be met. Grants relating to expense items are recognised as income over the periods necessary to match the grant to the costs they are compensating. Grants relating to assets are credited to deferred income at fair value and are credited to income over the expected useful life of the asset on a straight-line basis.

### (Z) COMPARATIVE FIGURES

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial period. Where the Company has retrospectively applied an accounting policy, made a retrospective restatement of items in the financial statements or reclassified items in its financial statements, an additional statement of financial position as at the beginning of the earliest comparative period will be disclosed.

### (AA) ROUNDING OF AMOUNTS

# SolarShare

CANBERRA

The company does not qualify for the relief available to it under ASIC Class Order 98/100. Accordingly, amounts in the financial statements and directors' report have been rounded off to the nearest \$1

## (AB) CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The directors evaluate estimates and judgments incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Company.

### Key Estimates

#### (I) IMPAIRMENT - GENERAL

The Company assesses impairment at the end of each reporting period by evaluating conditions and events specific to the Company that may be indicative of impairment triggers. Recoverable amounts of relevant assets are reassessed using value-in-use calculations that incorporate various key assumptions.

#### (AC) CHANGE IN ACCOUNTING POLICY

The Company made no changes to its accounting policy.

## NOTE 12 INVENTORIES

The company did not hold any inventory during the period.

## NOTE 13 LAND HELD FOR SALE

The company did not hold any land for sale during the reporting period.

## NOTE 14 INVESTMENTS ACCOUNTED FOR USING THE EQUITY METHOD

# SolarShare

CANBERRA

The company did not account for any investments using the equity method during the reporting period.

## NOTE 15 ASSOCIATED COMPANIES

The Company had no interests in associated companies.

## NOTE 16 JOINT VENTURES

The company holds no interests in joint ventures.

## NOTE 17 DERIVATIVES

The company holds no derivatives.

## NOTE 18 OTHER FINANCIAL ASSETS

The Company has no interest in other financial assets.

## NOTE 19 PROPERTY, PLANT AND EQUIPMENT

The company paid its first instalment on a lease option for the Majura flagship project site to Solar Fields Pty Ltd, the Majura site developer.

The company did not have any plant or equipment during the reporting period.

## NOTE 20 INVESTMENT PROPERTY

The Company did not hold any investment property during the period.

## NOTE 21 INTANGIBLE ASSETS

The Company did not have any intangible assets in the reporting period.

## NOTE 22 OTHER ASSETS

The company has no other assets.

## NOTE 23 TRADE AND OTHER PAYABLES

# SolarShare

CANBERRA

The Company had a trade liability of \$ \$3,850 a GST liability of (\$2,461.82) and an income tax liability of \$0.02 as at 30 June 2017.

	2017	2016
Note	\$	\$
Trade liability	3,850	90.00
GST liability	(2,461.82)	79.13
Income tax liability	0.02	-
<b>Total liabilities</b>	1388.20	169.13

## NOTE 24 OTHER CURRENT LIABILITIES

The Company has no other current liabilities.

## NOTE 25 BORROWINGS

The Company had no borrowings during the reporting period.

## NOTE 26 OTHER FINANCIAL LIABILITIES

The company has no other financial liabilities.

## NOTE 27 TAX

**Income Tax:** The Company paid \$549.48 in income tax during the reporting period for the Financial year ending 30 June 2016. The Company will lodge a tax return for the financial period 1/7/16 to 30/6/17.

**GST:** The Company has a GST liability of \$(2461.82) at the end of the financial year.

	2017	2016
Note	\$	\$
Income tax paid during period	549.48	-
GST liability	(2461.82)	79.13

## NOTE 28 PROVISIONS

The Company did not deem it necessary to hold any provisions as there are no employees, warranties, nor any other interests or arrangements during the reporting period with the possibility of necessitating a provision.

# SolarShare

CANBERRA

## NOTE 29 RETIREMENT BENEFIT OBLIGATIONS

As the Company has no employees, there are no employee benefit plans in place and no benefit obligations.

## NOTE 30 ISSUED CAPITAL

	2017 \$	2016 \$
Share capital on issue as at start of period	70	60
2017 fully paid ordinary shares issued	125,000	10
Total share capital issued at end of period	125,070	70

The company has authorised share capital amounting to 13757 ordinary shares.

### (A) ORDINARY SHARES

	2017 No.	2016 No.
At the beginning of reporting period	7	6
Shares issued during year	13,750	1
Shares bought back during year	-	-
At the end of the reporting period	13757	7

Ordinary shares participate in dividends and the proceeds on winding up of the entity in proportion to the number of shares held.

At the shareholders meetings each member is entitled to one vote when a poll is called.

The Company has no other share class than ordinary shares.

The Company has not issued any share options.

### (E) CAPITAL MANAGEMENT

Management controls the capital of the company in order to maintain a sustainable debt to equity ratio, generate long-term shareholder value and ensure that the company can fund its operations and continue as a going concern.

The Company's debt and capital includes ordinary share capital only.

Management effectively manage the Company's capital by assessing the Company's financial risks and adjusting its capital structure in response to changes in these risks and in the market. These responses include the management of debt levels, distributions to shareholders and share issues.

The Company's capital management strategy is to seek community investment capital through a capital raise of approximately \$2.1m after lodging an Offer Information Statement with ASIC. The Company's strategy is to maintain a gearing ratio below 50%.

The Company did not carry any debt during the reporting period.

# SolarShare

CANBERRA

## NOTE 31 CAPITAL AND LEASING COMMITMENTS

The company has made the first instalment payment for the lease option for the flagship project

The Company has no other, and is not a party to any other capital or leasing commitments.

## NOTE 32 CONTINGENT LIABILITIES AND CONTINGENT ASSETS

## FINANCIAL RISK MANAGEMENT POLICIES

The Finance, Audit and Risk Committee have been delegated responsibility by the Board of Directors for, among other issues, managing financial risk exposures of the Company. The committee monitors the Company's financial risk management policies and exposures and approves financial transactions within the scope of its authority. It also reviews the effectiveness of internal controls relating to transaction risk, counterparty credit risk, currency risk, liquidity risk and interest rate risk.

The company's overall risk management strategy seeks to assist the company in meeting its financial targets, while minimising potential adverse effects on financial performance.

## SPECIFIC FINANCIAL RISK EXPOSURES AND MANAGEMENT

The main risk the entity is exposed to is credit risk.

### CREDIT RISK

Exposure to credit risk relating to financial assets arises from the potential non-performance by counterparties of contract obligations that could lead to a financial loss to the entity.

Credit risk is managed through regular monitoring of exposures to significant customers and contractual counterparties

Trade and other receivables that are neither past due or impaired are considered to be of high credit quality. Aggregates of such amounts are as detailed at Note 11.

Credit risk related to balances with banks and other financial institutions is managed by the Finance, Audit and Risk Committee in accordance with approved board policy. Such policy requires that surplus funds are only invested with counterparties with a Standard and Poor's rating of at least BBB+ long-term and A-2 short-term. The following table provides information regarding the credit risk relating to cash and money market securities based on Standard and Poor's counterparty credit ratings.

## CANBERRA

	10	<u>103,373.32</u>	<u>2,167.18</u>
Held-to-maturity securities - AAA Rated	18	<u>Nil</u>	<u>Nil</u>

### LIQUIDITY RISK

The company has no debts or obligations related to financial liabilities.

### MARKET RISKS

#### INTEREST RATE RISK

The company has no financial assets or liabilities with exposure to interest rate risk.

#### FOREIGN EXCHANGE RISK

The company has no exposure to financial instruments, contracts or other arrangements subject to foreign exchange risk.

#### OTHER PRICE RISK

Other price risk relates to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices largely due to demand and supply factors (other than those arising from interest rate risk or currency risk) for commodities.

The company is not a party to any financial instruments, contracts or other arrangements that may expose the company to other price risk.

### SENSITIVITY ANALYSIS

The company has no substantial exposure to changes in interest rates, exchange rates, commodity prices or equity prices, other than interest received on bank balances. Due to the low value of the bank balances, a sensitivity analysis has not been performed for the year ending 30th June 2017.

### FAIR VALUES

#### FAIR VALUE ESTIMATION

The company does not hold any financial assets other than cash; as a result of this a fair value estimation is not required.

### FINANCIAL INSTRUMENTS MEASURED AT FAIR VALUE

The company has no financial instruments (other than cash) that it measures and reports on at fair value.

ACN: 600 571 220**

**Report on the audit of the financial report**

***Opinion***

We have audited the financial report of SolarShare Community Energy Ltd (the Company), which comprises the balance sheet as at 30 June 2017, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of SolarShare Community Energy Ltd, is in accordance with the *Corporations Act 2001*, including:

- a) giving a true and fair view of the company's financial position as at 30 June 2017 and of its financial performance for the year then ended; and
- b) complying with Australian Accounting Standards and the Corporations Regulations 2001.

***Basis for opinion***

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

***Information other than the financial report and auditor's report thereon***

The directors are responsible for the other information. The other information comprises the information included in the Company's annual report for the year ended 30 June 2017, but does not include the financial report and our auditor's report thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

***Responsibilities of the directors for the financial report***

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

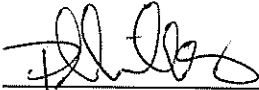

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

***Auditor's responsibilities for the audit of the financial report***

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: <http://www.auasb.gov.au/Home.aspx> . This description forms part of our auditor's report.
